Written on October 13, 2011 at Belfast School by Mr. Zinken's, Mr. Sangster's and Ms. Locke's Grade 5 - 6 classes, Anthony Burbidge

## Verse 1

A lonely boy named Paul  
Who was feeling small  
Came to Belfast School  
He had no friends.

It felt like the end  
He needed a friend  
A feeling glance was all it took just one look

## Chorus

Belfast brings the best out in you  
Paul learned that we're here for him  
Compassion first then peace will follow  
Paul found that he had a friend

## Verse 2:

Paul started his day  
And it wasn't grey  
He was asked to sit with someone at lunchtime

He went outside  
And a girl said "Hi,"  
But Paul didn't feel shy  
He started to play team tag

Chorus:

Belfast brings the best out in you  
Paul learned that we're here for him  
Compassion first then peace will follow  
Paul found that he had a friend

Verse 3

Paul made a friend  
Her name was June  
They played together at Belfast School

Now he has a friend  
So he can attend  
And no one can hurt him  
Paul has a good soul

Chorus

Belfast brings the best out in you  
Paul learned that we're here for him  
Compassion first then peace will follow  
Paul found that he had a friend

Chorus:

Belfast brings the best out in you  
Paul learned that we're here for him  
Compassion first then peace will follow  
Paul found that he had a friend
